[dburu997@gmail.com](mailto:dburu997@gmail.com)  
Denver, CO

On my portfolio website: <https://bit.ly/33YNmMy> you'll find in depth explanations of my highlighted projects, source code, other technical writing, and more.

## **Skills**

### **Programming Languages:**

JavaScript, Ruby

### **Other Technologies & Tools**

The DOM, Sinatra, basic PostgreSQL, Handlebars, ERB, basic git, HTML & CSS

## **Experience**

### **Developer: Splice: A templating language for front end development - <https://bit.ly/3tGgjYl>**

Designed the language, implemented the compiler, (lexer, parser, code-generator), and API using JavaScript. Created the documentation website for Splice using Splice.

### **Developer: Software-Generated Word Ladder Puzzles, Web App – <https://bit.ly/3nFnR39>**

Implemented the full stack including the generation of puzzles, account creation, deletion, login/logout, public leaderboard, and lazy-loaded account history of previous solution. Used Sinatra, ERB, and PostgreSQL for the backend.

## **Education**

### **Launch School Core Curriculum, Graduated 2022**

Launch school is an online school for software engineers which advertises itself as “the slow path for studious learners”. Their pedagogy is a bottom-up approach: self-paced, mastery-based learning of the fundamentals- those things that don't change across decades and tech stacks.

### **Littleton High School, Graduated 2016**
